

## Up1

Design André Schelbach

UP is small and refined, but nevertheless comes with some very impressive functions. As a slim and straight-lined side table, it provides a handy surface next to your sofa or armchair. It is also ideally suited as a multi-functional table for your laptop, iPad, book etc. Thanks to the adjustable tabletop, it can be tilted to a comfortable 12° whenever required, making checking your e-mails or thumbing through a novel an even more enjoyable experience.

Versatility is the fundamental principle of Yomei. With a wide variety of design variations to choose from, UP is no exception. The tabletop is available in 38 different surfaces and colours. Materials such as leather, high gloss lacquer and macassar veneer highlight the distinctive qualities of this elegant table. The frame is available in stainless steel polished or stainless steel brushed.

Dimensions: 40 x 60 x 37 cm ( W x H x D ).

UP is available in various versions:
